Re: Formal Approval of Form and Amount of Replacement Reclamation Surety, Kennecott Barneys Canyon Mining Company, Barneys Canyon Mine, M/035/009, Salt Lake County, Utah

Dear Ms. Elton:

On September 27, 1995, the Board of Oil, Gas and Mining formally approved the form and amount (\$4,604,000) of replacement reclamation surety which was provided by Kennecott Barneys Canyon Mining Company for their Barneys Canyon Mine. The reclamation surety is in the form of a surety bond (#14-96-09) issued by American Home Assurance Company. The Division hereby grants its final approval of this replacement reclamation surety. Enclosed please find copies of the fully signed and executed Reclamation Contract and surety bond forms for your files, with the effective date of September 29, 1995.

It was our understanding that a DOGM permit transfer form would be submitted, effectively changing the company/operator name from Kennecott Corporation to Kennecott Barneys Canyon Mining Company. Would you please inform us as to the status of that transfer form. If you need another copy of the transfer form, please let us know.

Thank you for your help in finalizing this permitting action. Please call me if you have any questions.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
